

Care Net IMPACT REPORT SAVING LIVES, HEALING HEARTS

YOU'RE making an incredible impact on life! With your support, Care Net reaches out to abortion determined women and men with truth and hope, empowering many to CHOOSE LIFE! Here's a quick glance at the difference you have made.

IN THE PAST 9 YEARS **603,474** LIVES SAVED!¹
This impact is among clients visiting a Care Net center who are at risk for abortion.

PREGNANCY CENTERS

Approximately 1,100 Care Net affiliated pregnancy centers welcome those facing unplanned pregnancies with life-affirming compassion, hope, and help. Every year about 30,000 people volunteer at these pregnancy centers. And since 2009, there has been a 20 percent growth in the number of Care Net centers providing free ultrasounds to their clients.

HOW HAVE WE SERVED IN THE LAST 9 YEARS?¹

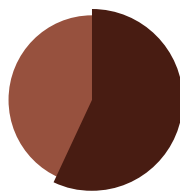

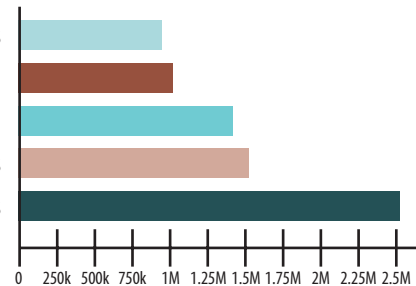

8 out of 10 women who are considering abortion when they visit a Care Net Pregnancy Center

CHOOSE LIFE

for their unborn children.
